Camera

Headset/Speaker Phone

● Supported HW Examples

For individual PC equipment

USB PC Camera
· 48M Pixel or more
· USB 1.1/2.0 type
· CCD TYPE
· PTZ type

Headset
· Mono type headset
· USB Type

Speaker Phone
· Speaker with built-in mic
· USB 1.1/2.0 type
· Mic mute function
· Volume control feature

For Conference/Meeting room

CCD Camera
· 41M Pixel or more CCD
· PTZ(128X) Camera
· Remote controller
· S-Video, VHS,
· Ceiling type

· PTZ Camera
· 640X480/30frame
· Remote controller
· 1/4 Super CCD

Video capture device
· USB/PCI Type Capture Card
· Audio/Video Input
· S-Video Interface

Speaker Phone
· Size based on participants and
· room size
· Echo Cancellation
· Noise Suppression
· Unit 2 or more scalable

## ● Example of eMEETplus and HW Integration

▼ For Larger Conference Rooms

PC

Projector or PDP
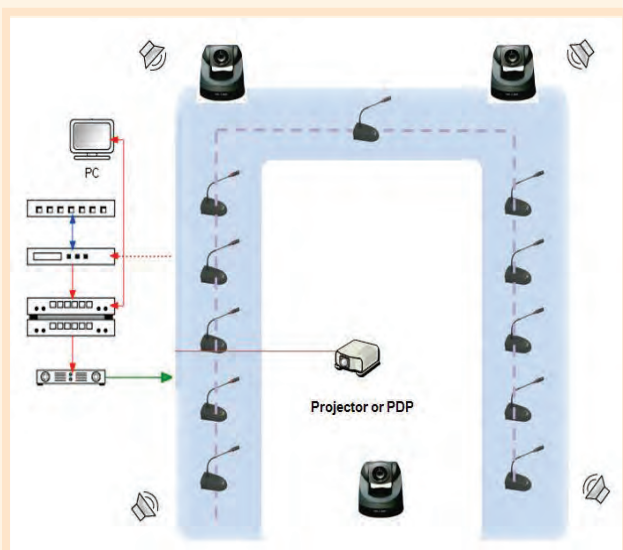

Advantages

• Take advantages of your existing camera & microphones.

• Cover entire conference room with auto camera focus and zooming.

• Easy to implement and low cost for smaller conference rooms

• Reduce the cost of expensive HW based conferencing system

• Brings more inter-activeness

▼ For Smaller Conference Rooms
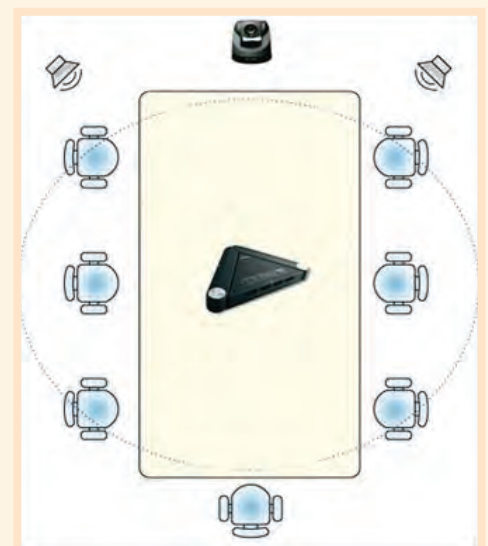

With our HW and solution partners, we provide fully integrated conferencing solution that matches your need and budget. Use your existing infrastructure or let us help you to setup an interactive and effectively designed meeting/conferencing environment for you.
